

Your Direct Connection to Academic Researchers...

2010 ACADEMIC SOURCE GUIDE

Make valuable sales contacts in the academic science market with the exposure and awareness you'll achieve through LABORATORY EQUIPMENT's *Academic Source Guide* that covers the latest in academic research trends and issues.

Reaching those involved in scientific activity in colleges or universities should be a critical element to your sales strategy.

The *Academic Source Guide* is delivered to the academic subscribers of LABORATORY EQUIPMENT, and is housed within the pages of the industry's #1 product publication to ensure high visibility. In addition, the *Academic Source Guide* will be delivered in digital format to over 70,000 subscribers across the ABM Science publications (*Laboratory Equipment*, *R&D Magazine*, *Bioscience Technology*, *Drug Discovery & Development*). We will also house the current *Academic Source Guide* on www.LaboratoryEquipment.com for six months.
